## The Lawsuit

A class action lawsuit has been filed against S.A.C. Capital Advisors, L.P., S.A.C. Capital Advisors Inc., CR Intrinsic Investors, LLC, CR Intrinsic Investments, LLC, S.A.C. Capital Advisors, LLC, S.A.C. Capital Associates, LLC, S.A.C. International Equities, LLC, S.A.C. Select Fund, LLC and Steven A. Cohen (collectively, the "SAC Capital Defendants"). The lawsuit is called *Birmingham Retirement and Relief System, et al., v. S.A.C. Capital Advisors, L.P., et al.*, No. 13 Civ. 2459 (VM)(KNF), and is currently pending in the U.S. District Court for the Southern District of New York. It claims that investors in Wyeth common stock were allegedly harmed when the SAC Capital Defendants traded on inside information, which the public did not have, concerning the Phase 2 clinical trial of bapineuzimab ("bapi"), a potential treatment for Alzheimer's disease that Wyeth was developing with a business partner. For example, the lawsuit alleges that a former SAC portfolio manager, Mathew Martoma, obtained inside information concerning the safety and efficacy of bapi from two doctors who oversaw and/or participated in the clinical trial. As a result, the SAC Defendants allegedly profited by acquiring shares of Wyeth common stock during the period January 14, 2008 through and including July 18, 2008 based on inside information indicating that the clinical trials would have favorable results, and also profited or avoided losses by disposing of that stock during the period July 21, 2008 through and including July 29, 2008 at 4:00 p.m. EDT based on inside information that the clinical trials would in fact have negative results. In so doing, the SAC Defendants allegedly violated Sections 10(b), 20(a) and 20(A) of the Securities Exchange Act of 1934. The SAC Defendants have denied and continue to deny that they have committed any act or omission giving rise to any liability, violation of law, or damages. The Court has not ruled for or against either party; but it has determined that this proposed settlement is within the range of reasonableness and authorized this notice in conjunction with the proposed settlement.

### What does the Settlement provide?

The SAC Capital Defendants have agreed to pay \$10 million in cash. The Net Settlement (the Settlement Fund, plus interest earned from the date it was established, and less costs, fees, and expenses) will be divided among all eligible Class Members whose claim for recovery have been allowed pursuant to the terms of the settlement and who send in valid claim forms ("Authorized Claimants").
